

NOTED LAWYERS BACK WOMAN IN FIGHT FOR ADMISSION TO THE BAR

Hope of Avoiding War Is Revived in Rome as Negotiations, Recently Checked, Are Resumed.

BIG BATTLE IMMINENT AT THE DARDANELLES

Strong Turkish Army Prepares to Oppose Allied Land Force Sent to Attack Fortifications From the Rear

WASHINGTON, April 22.—The check in the negotiations between Austria and Italy has been broken, and hopes of a settlement of the questions at least without resort to arms have been revived in Rome. It is not generally known just what changes have relieved the apparently hopeless situation.

A strong Turkish army is preparing to oppose the land force with which the allies expect to attack the Dardanelles fortifications from the rear. An Athens dispatch says the Turks have entrenched themselves strongly along the coast of the gulf of Saros. It is in this vicinity, according to unofficial advice, that 25,000 British and French troops have landed. Turkish encampments along the coast are being bombarded by allied warships.

The determination of the German offensive and the high cost to the allies of an advance are shown again in the fighting near Ypres.

Petrograd reports that during the last fortnight there has been artillery fighting in northern Russian Poland, near the east Prussian frontier. The Russians are said to have won the advantage. The check to the Russian advance in the Carpathians, ascribed in Berlin to Russian defeats, is said in Petrograd to be due to spring floods.

Austrians Are Put to Rout by Russians

PETROGRAD, April 22.—Thirteen battalions from the principal Carpathian summits have been sent to the Carpathian front. The Russians are said to have won the advantage. The check to the Russian advance in the Carpathians, ascribed in Berlin to Russian defeats, is said in Petrograd to be due to spring floods.

British Battle Desperately to Gain Hill Near Ypres

LONDON, April 22.—Hill No. 69, dominating the town of Ypres, is the scene of the fiercest fighting in the western front. The British are said to have won the advantage. The check to the Russian advance in the Carpathians, ascribed in Berlin to Russian defeats, is said in Petrograd to be due to spring floods.

The British losses have been announced, but they are estimated at less than 2,000. The Germans are believed to have lost more than 4,000.

M. L. BRITTAIN PREPARES NEW BOOK FOR SCHOOLS

"Georgia Song Book" Just
Completed by State School
Superintendent

State Superintendent of Schools M. L. Brittain, who recently prepared and published "The Blue Book," containing short stories illustrating the virtues, has just compiled a "Georgia Song Book," which like "The Blue Book," is designed for use in the schools of Georgia.

Without doubt the same high praise accorded "The Blue Book," will also be given the "Georgia Song Book." In a letter calling this book to the attention of the school boards and superintendents, Mr. Brittain says:

In practically all of our larger cities and towns music has a place in the curriculum. The state law makes no provision for this subject and in consequence it has always been neglected by many of our schools, especially those in the rural sections. As a result thousands of our children have been allowed to grow into manhood and womanhood without their knowledge of music confined to a few jocular hymns like "Hark from the Tomb a Mournful Sound." In other words, we have overlooked a musical literacy which we were permitting, and have failed to give our children this training so valuable in its civic and inspirational culture.

Some months ago I took up this matter with various publishing houses in an effort to get a school collection published at the lowest possible price. After several failures the arrangement was made through a prominent firm and this Georgia song book can, therefore, be obtained at five cents and also fifteen cents a copy from the American Book company, Atlanta, Ga. In arranging the selections it seemed to me that about one-third should be composed of the famous national air of England, France and Germany, and the other great countries of the world, as well as America. Such classics as "The Soldier's Chorus," from Faust, "Auld Lang Syne," etc., form another portion, giving us the songs whose quality and worth have long been assured.

The last division is made up of the great religious hymns like "Lead Kindly Light," and "Abide with Me," whose value is sometimes obscured by the vagaries of the ragtime tendency of some of our Sunday school airs. I am keenly desirous that every pupil in the state should have the opportunity of making these fifty great songs a part of his educational inheritance, and it seems to me that the low cost makes it possible for the educational authorities to see that even the poorest and weakest school shall have at least a few of the Georgia Song Book.

MRS. WALKER ADDRESSES AD MEN ON SCHOOLS

Record Number of Guests
Present at Luncheon in
Ansley at 12:30 o'Clock

With a record number of guests present, many of them women, the luncheon of the Ad Men's club Thursday was a great success.

Mrs. E. M. Walker, president of the Atlanta School Improvement association, delivered an address, urging the betterment of Atlanta's schools.

Many women present came for the purpose of hearing this address or else to speak themselves about the school situation, with the object of eliciting the interest of the Ad Men's club in the schools.

Appropriate souvenirs were given to the women, and the ad men pronounced the luncheon far more enjoyable than the usual affairs which their former luncheons always were.

FIRE NEARLY DESTROYS DECATUR ST. SALOON

Fire which started from an unknown origin partially destroyed Dan Mear's near-beer saloon for negroes, 43 Decatur street, early Thursday morning. The loss, amounting to over \$2,000, is said to be partially covered by insurance.

Patrolman John Greenham discovered the fire while making an inspection of an alley in the rear of the building and turned in the alarm.

SCENE FROM "THE SUPERIOR SEX," one of the three one-act plays which the Players' club of St. Philip's cathedral will present Thursday evening in the Sunday school room, 16 Washington street. The club was organized by Dean John R. Atkinson, and had such success with its first appearance, "The Factory," several months ago, that it was decided to present its next attempt for two nights. "The first was Wednesday. Those in the picture are, left to right, Miss Margaret Hatcher, as 'Henrietta Page'; Miss Lillian Hopstall, as 'Emily Pembroke'; Harvey Camp, as 'Jim Pembroke'; Miss Suttles, as 'Julia Osborn'; Miss Orpha Grozan, as 'Virginia Norris'; Miss Mattie Whitman, as 'Winifred Kent'; Miss Nellie Dunn, as 'Flora McGinnis'."

BULLDOG ON DAMPAGE IS LAID LOW BY POLICE

C. R. Cunningham's Canine
Signed Own Death Warrant
When He Dug Under Fence

Charles R. Cunningham, of 157 Milledge avenue, circulation manager of the Southern Ruralist, owns (or did until Thursday morning) a fine bulldog worth \$100.

About daylight something occurred of getting out of Mr. Cunningham's yard. Failing in his attempts, the dog dug under the fence, the dog dug under.

In consequence of his free and unrestrained operations for thirty minutes, two dogs that got in his way were thoroughly chastised. A flock of chickens were summarily put to death, and Miss Katie Camp, of 118 Hill street, was bitten on the hand.

By that time two police officers arrived on the scene and terminated the dog's career with their revolvers. Shortly after they returned to police station the telephone rang.

"This is Charles R. Cunningham, of 157 Milledge avenue," said a worried voice. "My fine bulldog dug under the fence this morning and got out. I wish you would try to find him for me."

Then they broke the sad news.

DR. J. W. CONKLIN WILL ADDRESS AD MEN CLUB

Positive Relief For Constipation

The progress of modern medical science is, perhaps, no more forcibly evident than in the simplifying of many of the old time remedies of past generations. For instance, the harsh cathartics and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary but really harmful. Constipation can be more effectively relieved without loss of comfort and pain these old-time remedies occasion.

A combination of simple laxative herbs with psyllium, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is most effective, yet mild and pleasant. It is entirely free from opiate and narcotic and equally as desirable a remedy for the faint heart as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. H. Caldwell, 432 Washington St., Monticello, Ills.

HUDSON

The Light Six As It Will Be \$1550 F.O.B. Detroit

7-Passenger Phaeton 3-Passenger Roadster

528 Last Week

Hudson dealers last week called on the factory for 528 cars. It won't be long before prompt deliveries cease. Local buyers who want spring delivery must see the Hudson now. Last spring and summer it took weeks to get this car.

The First Choice car in every class fails to meet spring demands. There is never enough of them. Thousands of men, on this account, are forced to a second choice.

Last year we had as high as 4,000 unfilled orders. We shipped over 1,000 cars by express to men weary of waiting. This year, our output is trebled, but the demand for Light Sixes has increased ten-fold. And the Hudson is still the first choice.

This ad is run by local dealers, who wish to save delays for local buyers.

Why This Demand?

The Light Six dominates today in the field above \$1,100. A four-cylinder class car is out of the question. So are heavy Sixes. The Light Six has become the accepted standard type. It is likely to always remain so.

Why Hudson Leads

Hudson is the original Light Six. It introduced this type.

Its famous designer—Howard E. Coffin—first worked out the many problems connected with this construction. Special steels had to be

employed. A new-type motor was essential. Aluminum displaced cast iron. A thousand parts had to be re-designed.

Hudson engineers worked four years on this project. Every part has been refined to the limit. The result shows in beauty, finish, luxury and equipment. It shows in the matchless lightness—2,870 pounds.

And Hudson has been tried out. Over 12,000 cars are now running. Half of them have run two seasons. They have covered together at least 30 million miles without revealing error, weakness or shortcoming.

That is why the first choice is the Hudson. It shows itself the class car. It looks the finished product. Every question about it has been answered on the road—answered over 12,000 times.

You are bound to prefer it. In these respects, no rival compares with it. If this is true, you should know it before our local allotment is gone.

Atlanta Kennel Club Announces Over 100 Entries for Show Friday and Saturday

Dogs are going to have their day again this week, the Atlanta Kennel club having arranged for a dog show to be held Friday and Saturday at the skating rink, formerly the Chapman-Alexander revival tabernacle, on Peachtree street.

The entry list, which closed Thursday,

numbers over 100 dogs, including many from Atlanta. The lists were open to any dog in the state. Ribbons will be awarded in all classes.

At 9 o'clock Friday morning Dr. J. C. Wright will examine all dogs at the skating rink and judging by M. A. Knight and Alf Bertling, of Atlanta, and J. H. Steffing, of Covington, Ky., will begin soon afterward. Skating will be allowed during the show.

The Atlanta Kennel club held a show last fall under American Kennel club rules, and expects to hold another this year. The show Friday and Saturday is one of a number of preliminary shows which will be held.

PATROLMAN GETS CALL FROM IRATE RECORDER

"You Can't Tell a Gentleman
From a Hobo," He Tells
Officer Adams

Declaring that Patrolman H. T. Adams has not enough discretion to distinguish between a gentleman (and all respectable, law-abiding men are grouped under this head), and a hobo, Recorder George R. Johnson on Thursday morning dismissed a second case preferred by the officer against G. Porter Whitley.

Young Whitley in the course of the trial declared that he carried a short tin can with him as a weapon against him was due to spite work, first because on one occasion he refused to give the patrolman his accustomed drink of free soda water and secondly because Adams was "sore" with his father, Frank Whitley, also a member of the police force.

This statement led the recorder to tell Adams that a policeman should be under obligation to no one and should pay for everything he gets, even a drink of soda or a cup of coffee.

Whitley, who dispenses soda at a Marietta street drug store, was arrested about 1 o'clock Wednesday morning, and the charge of telling and loitering was dropped against him. Adams' time charging him with being drunk on the streets.

The latter was heard Thursday morning and elicited Judge Johnson's remark: "One of the troubles with the police department," he told Adams, "is the tendency of some policemen to treat people for nothing. This young man was waiting for a car when the policeman singled him out of a crowd and arrested him."

This case was dismissed and immediately after the trial Adams docketed a second case against Whitley, this time charging him with being drunk on the streets.

When young Whitley told the court that Adams was mad with him because of the old feud with his father and his recent refusal of free soda water, Judge Johnson made his remark to the effect that policemen should pay for everything they get and dismissed the case against Whitley.

YALE SCHOLARSHIP FOR A SOUTHERN STUDENT

Thomas W. Connally Can Give
Details to Candidates
Here

Information in regard to a \$100 a year scholarship for southern boys at Yale university can be obtained by communicating with Thomas W. Connally, secretary of the Associated Southern Yale clubs, University club, Atlanta.

Several years ago the Corporation of Yale university awarded the Callaghan scholarship, funds for which were secured by the sale of the library of the Callaghan society, an association of southern men which flourished at Yale before the war.

A small additional gift from the Southern club at Yale has increased this fund so that the \$100 a year scholarship is made possible. The corporation, in accepting the gift, voted to restrict the scholarship to men from one of the states of the old south. Last year it was won by Cassius M. Clay, of Paris, Ky. Specific terms which shall govern the award in years to come have not yet been decided.
